EMPLOYEE ONBOARDING LETTER

March 11, 2026

Dear Naomi Kessler,

Employee ID	BFT-10240
Position	Senior Software Engineer
Department	Engineering

WELCOME

Welcome to Brightfield Technologies Inc. We are delighted to have you join us as our new Senior Software Engineer, and everyone on the Platform Services Team is looking forward to working with you. Your background and the perspective you bring stood out throughout our hiring process, and we're confident you'll make an immediate impact.

Brightfield Technologies Inc. builds the tools and systems our customers rely on every day. We value curiosity, collaboration, and a bias toward action, and we're proud of the culture our teams have built together.

YOUR ROLE AND TEAM

You will be joining us as Senior Software Engineer within the Engineering department, working as part of the Platform Services Team. You will report directly to Derek Osei, Engineering Manager, who will serve as your primary point of contact as you settle into the role.

YOUR FIRST DAY

Start Date	Monday, April 7, 2026
Arrival Time	9:00 AM
Location	Austin Headquarters (Building B, 3rd Floor)
Work Mode	Remote

Please arrive by 9:00 AM and check in at reception, where a member of our People Operations team will greet you and help you get settled before introductions with Derek Osei and the rest of the Platform Services Team.

REMOTE WORK SETUP

As a remote team member, you'll receive your equipment shipment in advance of Monday, April 7, 2026, along with instructions for connecting to our VPN and collaboration tools. Derek Osei will schedule a virtual welcome session with the Platform Services Team during your first day.

TECHNICAL ENVIRONMENT SETUP

Ahead of your first day, our IT team will provision your development environment, including repository access, your engineering toolchain credentials, and access to internal engineering documentation. You'll be added to the relevant code review groups and CI/CD pipelines before Monday, April 7, 2026.

ORIENTATION

Orientation Date	Monday, April 7, 2026
Orientation Time	10:30 AM
Location	Virtual — Brightfield Connect video suite

INITIAL TRAINING

During your first week, you'll begin the Cloud Infrastructure Fundamentals (Advanced Track), which will introduce you to our tools, processes, and team standards. Additional role-specific training will be scheduled with Derek Osei as you progress through your first month.

LEADERSHIP ORIENTATION

As a lead-level hire, you'll also attend a dedicated leadership orientation covering our management practices, performance review cycle, and team-lead resources. This session will be scheduled with Derek Osei during your first two weeks.

EQUIPMENT ALLOCATION

- Laptop (16" developer configuration)
- Dual external monitors
- VPN hardware token

Please confirm receipt of the items above with our IT support desk on your first day.

BEFORE YOU ARRIVE

- Complete the new-hire paperwork sent to your personal email
- Bring a valid government-issued photo ID for identity verification
- Review the Brightfield Technologies Inc. Employee Handbook, available on Brightfield Connect

QUESTIONS BEFORE YOU START

Your point of contact in People Operations is Grace Talbot, who can be reached at g.talbot@brightfieldtech.com for any questions about paperwork, benefits, or logistics ahead of your start date.

WELCOME ABOARD

If anything comes up before your start date, please don't hesitate to reach out to Grace Talbot at g.talbot@brightfieldtech.com. We're genuinely excited to welcome you to the team and look forward to all that we'll accomplish together.

Warm regards,

Derek Osei

Engineering Manager
Brightfield Technologies Inc.
